

Hygiene – Policy

SpringDale is committed to providing a healthy, hygienic and safe environment that will promote the health of participants, staff, and facility users.

Staff will maintain and model good hygiene practices at all times.

Procedure:

Hand washing will be practiced by staff and participants:

- before preparing
- after all dirty tasks such as toileting, cleaning up any items, before and after administering first aid or handling an animal.

All surfaces will be cleaned with detergent after each activity and at the end of the day.

All cups, plates and utensils will be washed in hot soapy water.

All rubbish will be disposed of immediately.

All toilet facilities will have access to a basin or sink with running cold water and soap for washing hands.

Women and girls will have access to proper feminine hygiene disposal.

Toilet and kitchen facilities will be cleaned regularly

Staff and participants with cuts, open wounds or skin disease such as dermatitis should cover their wounds and wear disposable gloves. Used gloves should be disposed of safely.
